Cambridge, ON Resident releases new novel, *The Guardians of Eastgate: Book 1 of the Seers Series* (2nd ed.)

CAMBRIDGE, ONTARIO

In a time of social change and strife, where racial inequality and prejudices are spoken of in the media daily, *The Guardians of Eastgate* is a fantasy novel that speaks of self-acceptance, as well as learning to appreciate others not despite their differences, but because of them.

Leclerc's novel is about a world divided, whose different peoples must come together to stand against a dark force that threatens them all. The story follows the main characters' journey as they gather allies and battle evil.

Underneath this story, however, lies the deeper journey of self-acceptance, of getting to know and understand others' cultures and ways of life, and of learning to appreciate how differences can help to strengthen the whole.

The story is timeless, and the underlying themes are particularly relevant in today's social and political climate, at home and around the world.

The Guardians of Eastgate is the first in a planned series of five novels, titled *The Seers Series*.

Cambridge, ON resident, Sherry Leclerc released the second edition of her fantasy novel, *The Guardians of Eastgate*, on February 19, 2018. It is available to order in paper back, hard-cover and eBook formats from various online retailers including Amazon.com, Amazon.ca, Smashwords, and others. It will also be available in various e-book platforms, including Kindle, Nook, Apple iBook and Kobo.

ABOUT THE AUTHOR: Born and raised in Newfoundland, Leclerc also has strong Irish roots. As a nod to this heritage, she uses some Celtic names and terms in her novel. She is a recently published author who lives in Cambridge, ON, where she teaches French.
